

Chardonnay

This Chardonnay has an aroma of intense ripe melon and white peach, underlying floral bloom and savoury French oak. The palate is a salad of stonefruit, juicy melon and nectarine is complemented by honey and roasted almond wood characters. A firm acid structure and lovely integrated fruit linger on the palate, leaving the mouth watering.

Served chilled this Chardonnay with a pale straw and green hued colour is ready to drink on its own and complements all cream based pasta's, seafood dishes and most Asian foods too.
